Marbella Club Hills

The project of Marbella Club Hills is located in the prestigious enclave between the renowned Marbella Club Golf Resort and the iconic Anantara Villa Padierna Palace.

Set on expansive grounds of 158,000 sqm, the project uses just 6% of the land for construction, thus preserving the natural landscape. This allows residents to enjoy an unspoiled environment and offers magnificent views of the mountains, golf course, the Mediterranean Sea, Gibraltar and the Atlas Mountains in Morocco.

Designed by the renowned firm of Villarroel-Torrico, the project blends modern design and Andalusian charm, incorporating classic elements that harmoniously adapt to the surrounding enclave and natural landscape.

Located a 15-minute drive from Puerto Banús and 20 minutes from the heart of Marbella, this gated community offers a quiet lifestyle focused on enjoying nature, privacy and outdoor sports.

The project comprises 110 apartments and 10 villas, thoughtfully distributed across 4 distinct phases.
